DEFINITIVE COURSE RECORD

This definitive record sets out the essential features and characteristics of the BSc (Hons) Adult Nursing [Degree Apprenticeship] course. The information provided is accurate for apprentices entering level 5 in the 2024-25 academic year⁵.

Course Summary

The purpose of the course is to prepare apprentices for nursing practice that meets the professional requirements of a nurse to join the Adult Nursing register with the Nursing and Midwifery Council.

In order to meet the needs of a rapidly ageing population who increasingly live with complex health needs, apprentices will develop contemporary knowledge and values and demonstrate these necessary skills when required to do so. In addition, apprentices will see learning as a lifelong responsibility and be willing to demonstrate this learning as an evidence base in order to advocate for clients in their care and to take the profession forward.

Course Aims

In providing this course, the University and the course team aim to equip you to:

- Care for people across all ages and in all care settings
- Deliver safe, compassionate and effective nursing care
- Inspire confidence in the profession
- Make decisions on complex care needs based on a sound evidence base

Course Learning Outcomes

The following statements define what apprentices graduating from the BSc (Hons) Adult Nursing course will have been judged to have demonstrated in order to achieve the award. These statements, known as learning outcomes, have been formally approved as aligned with the generic qualification descriptor for level 6 awards as set out by the UK Quality Assurance Agency (QAA)⁶.

On successful completion of this course you will be able to:

1. Manage self and others in practice in accordance with the NMC Code (2018) and ethical, legal frameworks that ensures the privacy of service user interest, respecting wellbeing and human rights.
2. Lead the delivery of innovative, evidence-based practice within planned progressive and individualised care plans, which generates new understanding of the theoretical foundations of nursing care.
3. Deploy techniques of analysis and enquiry to nursing practice.
4. Appreciate uncertainty, ambiguity and limits of knowledge.
5. Show a critical appreciation of the principles of good governance in the management, leadership and development of care.
